

Automatic Login To SharePoint

You can set your Internet Explorer to automatically log you in to the Bishop Kearney SharePoint site by following these simple steps.

Open Internet Explorer and log in to SharePoint.

Click on the [Tools](#) dropdown in the upper right of the menu bar.

Select [Internet Options](#)

Select the [Security](#) tab

Select the [Local Intranet](#) zone

Click on the [Sites](#) button

Click on the [Advanced](#) button

Insure that the [Require server verification...](#) box is not checked.

The SharePoint address <http://www.bkhsonline.org:8080> should be in the Add this website box. If not, type it in and click on Add

Click on [Close](#), [OK](#) and [OK](#) and you should be back to the SharePoint home page.

Test your change by closing Internet Explorer, open it back up and go to the BK SharePoint web site. You should be logged in automatically.
